DRAFT MINUTES OF THE OXFORD MAYOR AND COUNCIL MEETING
OXFORD CITY HALL
WEDNESDAY, MAY 22, 2024
Budget Public Hearing

PRESENT: David S. Eady, Mayor; Councilmembers: James Windham, Laura McCanless, George Holt, Mike Ready, Jeff Wearing

Staff members present: City Manager Bill Andrew, City Clerk/Treasurer Marcia Brooks, Police Chief Mark Anglin, Superintendent of Utilities and Maintenance Jody Reid

OTHERS PRESENT: None.

The public hearing was called to order at 6:03 PM by Mayor David S. Eady. The purpose of the public hearing was to receive written and oral comments on the proposed FY 2025 Operational Budget, FY 2025 Capital Budget, FY 2025-2029 Capital Improvement Plan, and FY 2025 Special Revenue Budget.

No oral or written comments were provided from the public. The City Councilmembers present discussed several issues related to the proposed budgets.

Mayor Eady stated that his proposal is to add the amount of the deficit to property tax revenue to balance the budget and take appropriate action to set the millage rate to close the gap once the City receives the 2024 property tax documents from the Newton County Property Tax Commissioner. He expects property valuation increases to cover a portion of this and increase the millage rate to cover the difference.

Jim Windham stated he would vote for a property tax increase only if some other things are included such as not adding any personnel with a new system being implemented and changing the chain of command in the charter to place the City Manager over all staff. He believes the problems the new positions would address could easily be handled by staff or the City Manager or by bringing outside people in. Laura McCanless concurred with this. He does not think property taxes should be the sole revenue source to move toward making the General Fund self-sufficient.

Mayor Eady provided property tax revenue amounts for previous years to demonstrate that there has not been much difference in property taxes collected between 2007 and 2023. He contended that this line item would already be generating more revenue if the millage rate had been increased incrementally over the years to provide for the increasing cost of running the City. His proposal would result in a maximum of about 1.5 mils increase over last year's millage rate. Mr. Windham and Ms. McCanless also expressed concern about residents asking them why their taxes keep going up.

Mayor Eady stated he had not spoken with anyone who was asking that question. He asked the City Councilmembers to refer this question to him and he would be glad to speak with them. The City has not increased property taxes, but the valuation of their homes has increased.

Ms. McCanless understood Mayor Eady's points and that the City is having difficulty meeting its needs but felt uneasy forecasting property tax revenue in such a positive light.

Mayor Eady expressed the need to have the Tax Assessor's office correctly classify the properties in the City that should not be tax exempt, or to negotiate a PILOT agreement with Emory University.

Jeff Wearing asked if we could increase our revenue from sales tax. Mayor Eady pointed out that sales tax goes to the state, and the City receives its apportionment according to agreed upon percentages with the county and municipalities. New businesses would result in a slight increase in LOST revenue. New businesses would also increase some other types of tax revenue.

Mayor David Eady adjourned the public hearing at 6:30 pm.

Respectfully Submitted,

Marcia Brooks
City Clerk/Treasurer

NCFS Receives \$750 for Home Fire Sprinkler Program

STAFF REPORT | THE NEWS

Newton County Fire Services (NCFS) received a \$750 stipend from the national nonprofit Home Fire Sprinkler Coalition (HFSC) to increase awareness about the dangers of home fires and the life-saving benefits of home fire sprinklers.

The stipend will fund an event on Saturday, May 18, during Home Fire Sprinkler Week at Newton County Fire Station 8 at 2345 Gum Creek Road in Oxford. Bring the entire family and tour the station, touch a truck, and learn about fire safety. Free smoke alarms with installation will be scheduled at the event as well.

With the National Fire Protection Association Fire Sprinkler Initiative, HFSC co-sponsors Home Fire Sprinkler

Week, an educational program carried out annually in the U.S. and Canada. The Week unites the fire service in the effort to increase awareness of home fire dangers to civilians and responders and facts about installing fire sprinklers in new homes.

“Every community needs the facts about home fire sprinklers, including Newton County. We are honored to have been selected for this generous stipend,” said James Franklin, Fire Safety Educator of Newton County Fire Services. “Using the Home Fire Sprinkler Coalition’s educational materials, we will raise awareness of how quickly a home fire can become deadly and the life-saving impact of installing home fire sprinklers.”

According to HFSC:

- Without sprinklers, today’s home fires become

deadly in as little as two minutes.

- These fires put residents and firefighters at risk from toxic smoke, heat and flames.
- With sprinklers, in a home fire the sprinkler closest to the fire will activate when the temperature reaches about 165F.
- The sprinkler will spray water directly on the fire, controlling or putting it out. In most home fires just one sprinkler activates.

The HFSC Stipend Program is funded through a grant from State Farm.

For more information about home fire sprinklers, please visit the Home Fire Sprinkler Coalition website at www.homefiresprinkler.org.

CITY OF OXFORD PUBLIC HEARING FY2025 BUDGET REVIEW AND ADOPTION

A Public Hearing on the FY2025 Budget is scheduled for Monday, May 22, 2024, at 6:00 p.m. At this meeting, the Mayor and Council will receive both written and oral comments about the FY 2025 Annual Operating and Special Revenue Budgets and the Five-Year Capital Improvement Plan for the City of Oxford. Copies of the budget documents are available in the office of the City Clerk at City Hall for public inspection.

The City Council will review the proposed Budgets during its meeting after the Public Hearing on May 22, 2024. The Council is scheduled to adopt the Budgets at its regular meeting on Monday, June 3rd at 7:00 p.m. All meetings will be held at the Oxford City Hall, 110 West Clark Street, Oxford, Georgia.

SUPERVISORY AND MANAGEMENT RESPONSIBILITY: None.

Justification for Request for Additional Position in City Clerk’s Office Beginning in FY 2025

Position Title: Accounting Specialist, Full Time

Entry Level Paygrade/Step – 14A

Summary

The Deputy City Clerk processes all Accounts Payable vouchers and payments for the City. An increase in the City’s volume of accounts payable transactions in recent years has resulted in less timely payment of obligations. The City is occasionally charged penalties for not making payments in a timely manner.

Another issue is that regulatory requirements are becoming more stringent and burdensome. For example, the City is currently being audited by the Internal Revenue Service (IRS) for its failure to execute backup withholding against vendors for which we do not have a W-9 form for 2021 and who we were required to send Forms 1099 to. The City could be liable for as much as \$10,000 in penalties for this deficiency.

Additionally, over the past few years, auditors have identified several issues that potentially could decrease the integrity of our financial reports. These are issues related to a lack of separation of duties caused by there not being adequate qualified individuals to review bank reconciliations, journal entries, adjustments, utility accounts activity, etc.

An additional employee in the City Clerk’s office performing the responsibilities in the attached job description would provide relief in all of these areas and strengthen our efforts to remain accountable and transparent to our citizens.

Factors Affecting this Issue

1. Volume of accounts payable transactions:

The volume of accounts payable vouchers continues to trend slightly upward each year. Below are numbers for the past few years:

Fiscal Year	Volume
FY 2021	2,258
FY 2022	2,179
FY 2023	2,383
FY 2024	2,400 (annualized estimate)

The complexity of transactions is also increasing. A few years ago, all payments were made by check. As technological advances have introduced more alternative methods for paying, vendors are requesting payment in methods such as via ACH. Direct deposit of payroll checks is also made via ACH. These types of payments utilize a slightly different process and require us to submit information to our bank.

Due to the increasing volume and complexity of accounts payable transactions, as well as many other responsibilities, the Deputy City Clerk is unable to pay all

invoices within 30 days of the invoice date. While 76.1% of invoices in FY 2024 (through February) were paid within 30 days of invoice date, only 26.1% were paid within 10 days of invoice date, which is the time period most vendors allow for a discount. The chart below shows a breakdown of days outstanding for FY 2024 invoices.

<u>Paid (days after invoice date)</u>	<u>Invoices</u>
0-10 days	366 (26.1%)
11-30 days	697 (50%)
31-60 days	246 (17.6%)
61-90 days	50 (3.5%)
91-120 days	19 (1.3%)
121+ days	22 (1.5%)

The Deputy City Clerk has put in many hours of overtime trying to bring accounts payable transactions more current as well as keep up with her other responsibilities. She is faced with many interruptions throughout the workday. During FY 2024 through February 14, she has worked 88.25 overtime hours (about 12 per month). However, working overtime has not seemed to help with this situation.

2. Regulatory requirements:

The City of Oxford has never required W-9 forms from a vendor unless a formal contract was executed. However, the City sends about 25-30 1099 forms out to vendors each year. Recently the City of Oxford was asked to provide documentation of W-9 forms for the 2021 calendar year 1099 forms. While I was able to obtain 1099 forms from nearly all of the vendors, which the IRS accepted, three vendors did not complete their forms appropriately. I was required to send those vendors forms requesting that they verify they reported the income on our 1099s for 2021. We will owe backup withholding for any of the three that do not return the completed form, which totals about \$10,000 for all three.

Backup withholding is required by federal law when a vendor completing a service does not provide a completed W-9. We must obtain a W-9 from almost all vendors we engage with for services, or for a combination of products and services in order to determine whether to send them a Form 1099 and whether to conduct backup withholding on any payments we make to them. The time and labor required to maintain the files, communicate with vendors, and continuously determine if we should withhold from their invoice payments will be significant.

3. Audit Deficiencies

During the last three financial audits for the City of Oxford, the firms have identified material weaknesses and deficiencies that could cause problems for us if they are not addressed. The issues that have been identified are:

1. No second person reviewing bank statement reconciliations.

2. Some timecards not approved by supervisor.
3. Journal entries are not being approved by another individual.
4. Adjustments not being reviewed. They are created and entered by the same person.
5. Cash deposits not being made at least once weekly.
6. Errors in the calculation of utility bills resulted in lost revenue for the City.

Conclusion

Adding a staff person in City Hall to provide technical assistance with a variety of financial tasks will help the City ensure that all of the weaknesses and deficiencies above are addressed.

CITY OF OXFORD
POLICE DEPARTMENT

Mayor Eady and City Council Members,

I write to you all to request an additional position to be added as an administrative assistant for the police department. I respectfully request you all to consider this position request for the 2025 General Budget. I am required to perform police functions along with administrative duties, contacting vendors, scheduling maintenance, required district chief meetings, attending webinar training, staying in compliance with GCIC/NCIC regulations, and personnel administrative tasks. The administrative work consumes a good portion of the day and is often interrupted by handling calls for service, backing up other officers, attending to employee administration, and attending regular meetings.

By virtue of my position, I serve on several boards within Newton County. Participating and serving on these boards affords the city input regarding public safety and community issues. Some of the boards include the Child Fatality Review Board, Covington/Newton 911 Governors Board of Directors, the Student Attendance and School Climate Committee, and other Newton County Law Enforcement Meetings. Some of these tasks have been reassigned when possible but still require regular attendance. We have attempted our hand at making the city and police department known on the various social media outlets but have come up short. Maintaining these platforms takes time and careful attention must be given to ensure that accurate information is posted, no identities are shared, that should not be and no personal or private information is disseminated.

As we move forward with the Excellence in Policing Certification (EIP) through Georgia Municipal Association (GMA) many additional hours of administrative work will be required. The certification will demonstrate the commitment the city has to providing the highest professional standards while reducing law enforcement liability in a cost-effective manner through the EIP Certification. The EIP Certification is a great steppingstone to state and national accreditation. This position will also serve as the Safety Coordinator trained through Local Government Risk Management Services (LGRMS). The Safety Coordinator will serve all city employees. This program is a three-part series dealing with the duties of the designated safety coordinator or those with responsibilities for safety and loss control. Safety Coordinator will consist of Safety Rules, Safety Hazards, and Self-Inspections. At the end of these sessions, participants will have the working knowledge to promote safety rules, identify safety hazards and perform self-inspections. This is another cost-saving designation to assist with grants and liability coverage discounts.

Thank you for your consideration of this request. I look forward to continuing to serve the citizens of Oxford as we move forward together.

Sincerely,

A handwritten signature in blue ink that reads "Mark A. Ayala". The signature is written in a cursive style with a long horizontal stroke at the end.

To: City of Oxford

Attn: Jody Reid

Reference: Pole Change Out Project

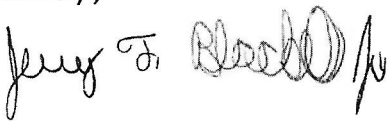

Over & Under to change out (9) wood poles around town according to prints provided to us. We will set poles, transfer primaries, neutrals and all electrical devices to the new poles. We will then saw off the old poles just above the telecommunications.

Over & Under to supply labor, equipment and supervision to complete the project.

City of Oxford to supply all materials necessary to complete the project.

We will do this work for the lump sum of \$60,282.00. Should rock be encountered, we will remove at cost plus 15%.

Sincerely ,
