Bob, per our conversation this morning, I called Latham. They will deliver 10 bins, add us to the weekly collection schedule beginning next Tuesday, 9/3, and contact you to set up billing. We are pleased to be able to utilize Oxford's single stream recycling service and we appreciate your time and assistance in facilitating this solution.

Sincerely,

Subject: Oxford College Recycling Pickup

Bob,

I am pleased to report that we have made some decisions regarding the campus recycling program and we are ready to move forward. Bear Keeling at Latham Home Sanitation quoted \$125 a month to collect single stream recycling on the city's weekly pickup schedule for as many 95 gallon bins of material as we need hauled. We would like to proceed with this arrangement and be billed for service through the city beginning with the 9/3 collection date. We will need Latham to deliver us ten of their 95 gallon

bins. The collection point for the material will be the East Village Residence Hall service area off Moore St. (where the existing 95 gallon bins are).

Please bill us at:

Oxford College of Emory University
Financial Services
118 Few Circle
Oxford, GA 30054

Thank you so much!

Sincerely,
Raghu Patil
